I am a Data Analyst with strong experience in SQL, Python, and data visualization, currently expanding into machine learning and predictive analytics. I am skilled at cleaning data, building dashboards, analyzing trends, and communicating insights clearly. I am passionate about solving real-world problems with data and continuously improving through hands-on projects and advanced coursework.

TECHNICAL SKILLS

Programming: Python (Pandas, NumPy, Matplotlib, Scikit-learn)

Databases: SQL (PostgreSQL, MySQL)

Visualization: Tableau, Power BI, Excel

Tools: Git/GitHub, VS Code, Jupyter Notebook

Other: HTML/CSS, Statistics, Machine Learning

PROJECTS

Apartment Price Prediction (Machine Learning)

- Built Decision Tree and Random Forest models to predict apartment prices
- Performed EDA, feature engineering, and hyperparameter tuning
- Evaluated models using accuracy, confusion matrix, and classification report

Tech: Python, Pandas, Scikit-learn

Sales Insights Dashboard

- Designed an interactive dashboard to analyze revenue, product performance, and customer trends
- Identified seasonal patterns and top-performing categories

Tech: Tableau or Power BI

SQL Analytics Portfolio

- Wrote complex SQL queries using joins, CTEs, and window functions
- Analyzed churn, product performance, and customer behavior

Tech: SQL, PostgreSQL

PROFESSIONAL EXPERIENCE

Data Analyst — Data Insights Holdings

2017 – Present

- Analyze business data to identify trends, inefficiencies, and opportunities
- Build dashboards and reports for leadership using Tableau, Power BI, and Excel
- Write SQL queries to extract, clean, and transform data
- Use Python to automate recurring tasks and streamline workflows
- Collaborate with teams to define KPIs and support decision-making

EDUCATION

TripleTen Data Analytics Program — In Progress

New Jersey Institute of Technology (NJIT) — Completed coursework

Union County College — Engineering

Hillside High School

CERTIFICATIONS

- Google Data Analytics Certificate
- IBM Data Science Professional Certificate
- Tableau Data Analyst Certification
- Microsoft Power BI Data Analyst (PL-300)
- AWS Cloud Practitioner
- TripleTen Data Analytics Program — In Progress

SOFT SKILLS

- Analytical problem-solving
- Data-driven decision-making
- Clear communication of insights
- Cross-functional collaboration
- Attention to detail in data cleaning
- Curiosity & continuous learning
- Ability to simplify complex concepts
- Strong organizational and time-management skills

LANGUAGES

English — Fluent

French — Fluent
